

## WELCOME

...  
We are pleased to present this  
Special Edition focusing on our work with  
Park and Recreation Facilities  
...

## OUR GOAL

*To provide our clients with creative, functional  
and cost-effective solutions in a manner that  
meets the particular needs for each project.*

## **FIVE EFFECTIVE PARK AND RECREATION FACILITY DESIGN KEYS**

- ◆ *Be Responsive to Community Needs & Surroundings*
- ◆ *Give Attention to Detail throughout the Design and Construction Process*
- ◆ *Provide Functional, Flexible Solutions*
- ◆ *Integrate the Building Design with the Site Characteristics*
- ◆ *Utilize Low Maintenance and Durable Materials*

*Lake Minnewashta Regional Park Facility*

*Erickson/Central Park Facility, Rosemount, MN*

## ***DID YOU KNOW?***

*Frederick Law Olmsted, Founder of American Landscape Architecture, provided the design for Minnehaha Park and Parkway and the Minneapolis Parks.*
